The World Congress for Korean Politics and Society is a biennial conference organized by the Korean Political Science Association (KPSA) to make innovative and insightful discussions on Korean politics. This year’s Congress will be held from August 22(Thu) to August 23(Fri) at Korea University Campus. The main theme of the Congress is “The World and Korean Politics: Influence and Contribution.” Under this theme, we will question how the world scholarship has influenced on politics in Korea as well as how the Korean scholarship has contributed to the studies of politics in the world. The Congress will bring together distinguished scholars to Seoul for two days to share their insights into the inter-relationship between Korean politics and the politics around the world. We welcome submissions of papers, full-panel, and roundtable proposals for the following subthemes such as:

- Issues in Research Methodology
- Politics in Western Societies and Its Comparison with Asia
- Korean Politics in Asian Societies
- Korean Politics: View from Outside
- Democracy and Governance
- Korean Political Economy
- Political Thoughts in Korea
- North Korean Issues
- Multicultural Issues in Korea
- Globalization and Glocalization
- World Security and Korean Peninsula
- Electoral and Legislative Politics in Korea

This exemplary list of subthemes is neither exhaustive nor exclusive; we welcome any panel or paper concerning issues of Korean Politics, as long as it covers topics under the broad banner of “The World and Korean Politics: Influence and Contribution.”
